GLOSSARY

Participant	A legal entity participating in EDF projects. This legal entity is identified by a PIC number (“Participant Identification Code”). In a company, each subsidiary can have its own PIC number.
Participation	The act of involvement of a legal entity in EDF Projects. A single participant can be involved in N projects and therefore being counted as N participations.

DATASCOPE

This report presents the 41 EDF 2022 selected projects as of 26/06/2023 (updated in January 2024). It also recalls the 60 EDF 2021 selected projects (calls results announced in June 2022; updated in January 2023).

Regarding the members of the consortium, **affiliated entities and subcontractors are not included (data not available)**.

For EDF 2022 graphs (from page 12), CSA and FPA projects are not taken into account (namely EOA and Resilience projects). The graphs relate exclusively to collaborative research and development projects.
